BRONZE IWSC 2017

BRAND OVERVIEW

By the Dutch began in 2015 to tell a story of tradition and craftsmanship to the world with reintroducing traditional Dutch distillates.

The Netherlands historically plays a leading role in the world of fine spirits. The Dutch were the first to master the art of distillation from agricultural products, as well as the first to spread their technology internationally.

The By the Dutch portfolio has taken influence from the former routes of the VOC & WIC to create their portfolio. Education, transparency, and craftsmanship are of paramount importance at By the Dutch.

By The Dutch Dry Gin is created at Herman Jansen Distillery in Schiedam, the city where Gin originated. The traditional Dutch spices and botanicals are distilled separately in a pot still. The distillates are then blended and brought to 42.5% abv with traditional malt wine spirit to create a perfect balance of mouth feel, aromas and flavor. A unique Gin, blending with Schiedam Genever traditions with world class spices and botanicals, such as: juniper berries, nutmeg, cinnamon, cardamom, bay leaf, blood orange, coriander, and lemon peel.

UNIQUE GIN THE DUTCH WAY

We have the ambition to tell the world the story of **mastery and craftsmanship** behind the spirits of the Dutch heritage.

PRODUCT OVERVIEW

TASTING NOTES

- Explosion of citrus fruit and juniper berries
