The Philippine Archipelago: *A Paradise of Botanical Wonders*

Forged from tectonic plate shifts and volcanic eruptions of the Pacific's ring of fire millions of years ago, the Philippine archipelago is one of the most megadiverse countries in the world.

The Philippine archipelago is home to some of the world's greatest biodiversity, hosting over 5% of the entire world's flora on less than 1% of the planet's land area.

Today, Full Circle Craft Distillers is honored to tap the archipelago's rich botanical heritage to craft our world-class line of artisanal spirits.

*The Best of the Philippines.
Pride of Place in Every Drop.*
