

# EAU-DE-VIE RIGI-KIRSCH

## FASSBIND FINE EAU-DE-VIE CHERRY SPIRIT

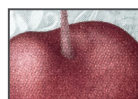

It all started with the Rigi Kirsch in 1846. Our oldest and most traditional spirit is distilled from cherries from the Rigi region according to the original Fassbind recipe and proudly bears the protected designation of origin AOP, «Appellation d'Origine Protégée».

The Rigi region ("the queen of the mountains") is famous for its tasty cherries and the Kirsch Spirit from them. Immediately after the harvest, the fresh fruits are delivered to us, carefully checked and then immediately mashed. After fermentation is complete, the fully ripe cherries are double-distilled together with their fruit stones, which produce the almond note typical of the cherry. This means a lower yield, but the fine spirit obtained is impressive with its soft aroma and pronounced fruitiness.

The noble Kirsch spirit then rests to reach perfection in our historic cellars in stainless steel tanks for at least two years and is then carefully blended by our cellar master. This gives this Kirsch the extremely fruity, fresh delicacy that connoisseurs appreciate.

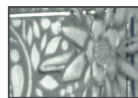

<b>Colour</b>	Crystal clear.
<b>Nose</b>	Fresh, ripe and balanced notes of fruit with sweet almond tones, with a scent of cherry jam, a hint of dark chocolate mousse and white pepper.
<b>Palate</b>	Juicy cherries, accompanied by marzipan, very harmonious, aromatic and elegant, delicate and delicious.
<b>Finish</b>	Long lasting, wonderfully balanced.

**Cherry** / we use distilling cherries (smaller, sweeter fruit types) for distillation / mostly from high stem trees / typical almond aroma / the Rigi region is famous for its cherries.

**Double distilled** / two distilling runs in our copper pot stills / lower yield / fine brandy obtained with a very soft aroma.

**Edelweiss** / beautiful, strictly protected alpine flower with white felt flower petals / symbol of the Swiss Alps / also called the «immortal».

**Distillery tomcat Timi** / is always at our side / catches the mice around our distillery / but above all loves being petted and lazing around.

### PRODUCT DATA

Brand	Fassbind Fine Eau-de-Vie
Origin	Switzerland
Fruit	Rigi region
Ageing	Rests for at least two years in stainless steel tanks in the cellars of our distillery

Packaging	Gift Box
Bottle size	700 ml
Alcohol content	43% Alc./Vol.
Article No.	10452
Case size	6 bottles
EAN bottle	7610224104526
EAN case	07610224428714
