# IZARRA

IZARRA was founded in 1906 in the Basque Country in Hendaye by pharmacist Joseph Grattau. Izarra means “star” in Basque.

- Relaunched in the 21st century following a few decades of rest.
- 2018 distribution of the brand IZARRA was entrusted to the group Pagès Védrenne.
- The distillation of IZARRA is now back to Nouvelle Aquitaine, closed to its roots.

GRUPE  
**VEDRENNE**  
LIQUEURS & SIROPS

**VEDRENNE** is a family-run group comprised of traditional French Distilleries and Liqueuristeries which are emblematic of their unique terroirs. Our excellence and unique know-how has been recognised by the French Government by awarding us the “Entreprise du Patrimoine Vivant” label.

To recreate the original taste of Green Izarra, the recipe has been reworked to obtain a better balance of plant flavours with less sweetness.

Green Izarra has always been made from a plant essence, whose concentration is further enhanced with spices and a double maceration with walnut husks, and prunes.

After distillation in a copper still, Armagnac is added to the distillate.

**Yellow Izarra**  
Green and spicy notes subtly blend with honey.

**Green Izarra**  
Lovely amplitude and harmonious plant and spice flavours with peppermint.
