

OLD HARE

Spirit of Hven Distillery

GOLD - 92 Points - Beverage Testing Institute 2024

Hven is a beautiful green island in the strait of Öresund between Denmark and Sweden. It is only 5-mile in circumference with a population of 350 people.

After 8 years of planning, the distillery opened 2008 by Anja and Henric Molin. This is the third pot still distillery built in Sweden. It has since developed into a major player throughout Europe.

The island is host to the country's most fertile landscapes, providing Hven with exceptional raw ingredients. Only the best organic grains are selected from a few certified farmers.

All Spirit of Hven products are:

- Non-GMO
- Gluten Free
- Biodynamic
- Bottled at site without additives
- No chill filtration

To create this product with the most enticing character possible, the ingredients are distilled in proprietary small copper pot stills. The base is a whisky made from grain grown on Hven. From the soil to the table, brewed, distilled, matured, and bottled at Hven.

Spirit of Hven Backafallsbyn Distillery also holds its own hotel, bar, and restaurant, where the traditions and heritage of the products can be shared.

The name "Old Hare" is a tribute to the German field hares that are found in countless quantities on Hven
